EAGOSH Seminar in Seeheim/Germany 23./24. November 2005

Minutes

Presiding: Dieter Pietsch Dieter.Pietsch@Delta.com
D.P. Safety Services / Delta

Stefan Sauerbier stefan.sauerbier@europe.ups.com
UPS

Minutes: Caroline Preising caroline.preising@srtechnics.com
SR Technics Switzerland
Webmaster/Secretary EAGOSH

Attendees: Please refer to the published "**List of Participants**"

Day 1 (November 23, 2005)

- 14.00 The chairman welcomed about 30 attendees from all over Europe. Emergency exits were identified and shown, followed by an advice of housekeeping matters such as switching off cell phones and then self introduction by all participants
- 14.15 Caroline Preising, SR Technics Switzerland and Webmaster/Secretary EAGOSH took over in order to preside and moderate the afternoon sessions.
- 14.15 **Radiation Protection** klausrose@aol.com
Klaus Rose, Rose Eng.
Klaus Rose showed us in his presentation an overview as well as experiences about Radiation Protection over the last three years.
He gave us some scientific and physical backgrounds. For example the solar activity over the last years (1997, 1998, 1999).
Some statements:
"In case of lower solar activity the radiation get stronger".
" In case of higher solar activity the intensity of radiation decreases".
Klaus gave us as well some information about the exposure limits, the regulations, the certification and the reporting systems.
Presentation from Klaus: www.eagosh.com → Presentations and Infos → R → Radiation
- 15.30 **747 Overrun DUS** michael@dus-int.de
Frank Michael, Dusseldorf Airport
Frank Michael told us about the 747 Freighter overrun on landing at DUS airport in January 2004. After this incidents happened the recovery crew had to deal with several problems. F.e. to get the 747 out of the mud, get the crew the right PPE for that recovery.
Please see as well the presentation from John Olsen, FRAPORT, about Aircraft Recovery.
Presentation from Frank: www.eagosh.com → Presentations and Infos → R → Recovery
- 16.15 After evaluation the Board of Directors decided to elect the Vice Chairman, Stefan Sauerbier, as new EAGOSH Chairman.
With no further votes against Stefan Sauerbier was elected new EAGOSH Chairman.

European Aviation Group for Occupational Safety and Health

16.30

Establishment Working Group on DGR

stefan.sauerbier@europe.ups.com

Stefan Sauerbier, UPS

As new Chairman Stefan gave some first information about what he has in mind with the establishment of the new working group on DGR. As from now on he wants the working group on DGR to meet before the EAGOSH Meeting. Because of the fact that some of the DGR aspects affects the Safety factor he wants the DGR working group be part of the whole EAGOSH organization. After establishment the DGR working group will get a platform on the homepage.

17.15

Information from Affiliated Members

3M:

Kay-Uwe Schenke introduced the new "Private Filters" for Laptops. If you have to work with the laptop in public you can put this filter directly on the screen. With this nobody can watch what you are working on. With this filter it is impossible to have a look from the side on the screen.
For those who were interested Kay-Uwe Schenke had some samples.

Gore:

Rainer Glaesemer informed us about the newest Gore Tex outwear.

Presentation from Rainer: www.eagosh.com → Presentations and Infos → P → PPE

18.00

Caroline Preising closed this afternoon session with a big thanks to all the speakers for their well preparation, presentations and everything else.
It was a very interesting afternoon session.

..... hope we have an interesting sun downer session as well – as every time.....

Some impressions are published on the internet site. How you find it???? Find out yourself....

European Aviation Group for Occupational Safety and Health
www.eagosh.com

Day 2 (November 24, 2005)

08.30 The new elected chairman welcomed everybody back for this morning session.

After a really big thanks to all the sponsors for sponsoring the last night sun downer. We couldn't even exhaust all the sponsors donations so we compromised to welcome them for our November Meeting. We had a great evening/night. The last "took off" at about 1.30 A.M.

After that he handed over to Josef Hess, Nato and Treasurer EAGOSH which took over in order to preside and moderate this morning session.

08.30 **Swap Shop**

This session will not be recorded. All attendees have the liberty to speak, discuss and share all kinds of incidents, accidents and also positive occurrences in a "free" atmosphere. Very interesting events have been introduced.

09.00 **EAGOSH Recommendations**

Kickoff documentation disabled aircraft recovery

T. Sefrin, F. Micheal

After the presentation from John Olsen there was no need in such a recommendation.

Operations in extreme weather conditions

**J. Hess, R. Glaesemer, A. Nitsch,
S. Sauerbier**

Update on that next EAGOSH Meeting.

09.30 **Information concerning Partner Organization Activities**

ARTEX

Dieter.Pietsch@Delta.com

Dieter Pietsch gave the latest news on ARTEX as well as the dates for the next meetings (published on our homepage).

He also pointed out that ARTEX now works with about 20 working groups. F.e. Contractor Safety, Aviation Ground Safety Handbook or Baggage Handling.

AGSC

len.sullivan@asig.co.uk

As AGSC Chairman Len Sullivan firstly welcomed the new EAGOSH Chairman and invited him to the next AGSC Meeting in December 2005.

AGSC has its 62nd Meeting next December (3 meetings a year).

10.15 **EAGOSH General Assembly**

stefan.sauerbier@europe.ups.com

Len Sullivan as well as Wolfgang Laske were reelected into the BoD for another periode.

General Assembly is published on our homepage as well.

10.45 **Aircraft Recovery**

j.olson@fraport.de

John Olsen, FRAPORT

John Olsen showed us in his presentation how FRAPORT works on Aircraft recovery. He started with an overview (the problem, legal aspects, planning, FRAPORT Aircraft Recovery Services).

They divide recovery operations into three categories. They are described as low, medium and heavy (with examples). Aircraft recovery operations are generally regulated at three levels: international, national and local. Implementation of recommendations are specified in: Airport Services Manual Part 5, „Removal of Disabled Aircraft“

He also gave a nice explanation about "CHAOS":

C ommanders

H ave

A rrived

O n

S cene

Presentation from John: www.eagosh.com → Presentations and Infos → R → Recovery

European Aviation Group for Occupational Safety and Health

11.30

Pandemie

w.gaber@fraport.de

Walter Gaber, FRAPORT

Do we need to be afraid of the avian flu? About influenza? About SARS?

The combination from two or three of these viruses is what we need to be afraid of.

As in earlier presentation Walter gave us, we have to expect a pandemic within the next years.

The most important precaution we need to take: Hygiene.

There is no presentation published at the moment.

12.15

EU Directive Noise

mvierdt@bgf.de

Manuel Vierdt, Berufsgenossenschaft

Manuel Vierdt gave us information about the new EU Directive "Noise". After a brief overview he showed us what is new / what has changed (Art. 3 and Art. 4). New measurements are 80 – lower / 85 – upper / 87 – must (wear ear protection).

The transition into national regulations has to be done no later than February 15, 2006.

He shows us also tests and requirements for Pilots as well as for Cabin Attendants.

Presentation from Manuel: www.eagosh.com → Presentations and Infos → R → Regulations

13.00

Chairmans Closing Remarks

The chairman Stefan Sauerbier thanked all attendees and speakers for their attention and for a very interesting meeting. Dieter wished everybody a safe trip back home.

The next meeting in Seeheim: May 10 – 11, 2006

All the information you will need will be published on our homepage right on time. Check it out!

Meeting was adjourned at 13.15

Caroline Preising
